Re: Community Income Survey for Grant Application — PFAS in Drinking Water/Wells
ALL RESIDENTS OF THE SANITARY DISTRICT NO 1

Dear Residents:

The Town of Brockway Sanitary District No 1 plans to apply for a grant to help fund a drinking water project to address PFAS contamination which exceeds health-based levels set by the Wisconsin Department of Health. A grant can help reduce the burden of the costs at the local level for the project. To determine if we are eligible to apply for the grant, we need to conduct a survey of Sanitary District residents to obtain family income and demographic information.

Each family in the Sanitary District will be asked to complete the survey. Your participation is voluntary BUT very important. We are required to get responses from a high percentage of families for the survey results to be valid and qualify us for grant eligibility.

You will soon receive the survey in the mail. Please complete and return your survey as soon as possible by at least December 1, 2023. There will be instructions provided with the survey form. If you have any questions regarding the survey and/or there is more than one family living in your household, you may Contact Jann Dahl to request additional copies of the survey. CONTACT JANN AT:

Jann Dahl, Sanitary District Secretary/Treasurer
PO Box 484 236 Gebhardt Rd Black
River Falls, WI 54615
715-284-5234
jdclerk5234@gmail.com

Responses to individual surveys are kept confidential. Thank you for your assistance with this important survey. Sincerely,

Sanitary District No 1
Board of Commissioners

A handwritten signature in cursive script that reads "Sanitary District No 1".

Norm Stoker, President
